BETWEEN

AND

Shahid Beheshti University of Medical Sciences, represented by the Chancellor, Prof. Alireza Zali, MD, residing in Tehran, Iran

THE FOLLOWING TERMS OF AGREEMENT ARE STIPULATED

Art. 1 - Units and Fields of Study and Research

The two Universities intend to establish an exchange program initially in the fields of: neuroscience and neurosurgery.

The above-stated cooperation includes the following units of the University of Florence:

- Department of Neurosciences, Psychology, Drug Research and Child Health (NEUROFARMA)
- and the following units of the Shahid Beheshti University of Medical Sciences:
- Department of Neurosurgery

The two Universities have the right to pursue, when they both deem it appropriate, other areas of cooperation. In this case, the parties will approve specific addenda to be attached to this agreement.

Art. 2 - Purpose of the Agreement and Types of Collaboration

The form of cooperation specified in art. 1, based on strictly-observed criteria of equality and mutual interests, includes the following activities:

- 1) Exchange visits of members of teaching and research staff of the units mentioned in art.1. Visits are intended to promote seminars, courses, conferences, lectures, to carry out joint research projects, to discuss experiences in fields of common interest, and so forth;
- 2) Circulation of publications and information on the specific fields of study and research included in this agreement and on any other subject of relevant interest;
- 3) Student exchanges for periods of study and research and other educational activities;
- 4) Exchange visits of members of technical or administrative staff when considered a profitable experience.

Promoting units can specify in specific protocols the different forms of implementation of such exchanges (i.e. visitor's length of stay and obligations, application selection procedure, detailed explanation of the fields for which the agreement is stipulated, etc.).

The universities subscribing this agreement intend to encourage student mobility according to a principle of reciprocity. According to the exchange programs, the host institution will make available to the guest students their educational facilities and tutorial services.

Upon the approval by the appropriate administrative bodies, exchange students will be given academic credits for the work done at the foreign institution.

All students participating in the exchange program will be exempt from the payment of registration or any other fees levied by the host university.

Art. 3 - Supporting Activities

The two Universities subscribing this agreement will exchange all relevant information - by supplying catalogues and other materials - to promote greater and mutual knowledge on their institutional structure and organization.

In conformity with laws and regulations of their respective countries, the parties of this agreement will provide to visitors from the partner institution all possible assistance and access to facilities to enable them to carry out the activities they agreed upon.

Art. 4 - Insurance Procedure

The participants to the exchanges, while exercising the activities provided for in the agreement, must have both accident insurance and third-party liability insurance for unintentional damage, hereby releasing the host university from any liability to this regard.

Such insurance coverage may be either provided by the home institutions, according to their own regulations, or contained in a policy covering the above-mentioned risks obtained by the interested person from an insurance company.

For what concerns health insurance (coverage for medical expenses and/or hospitalization) the participants must provide their own insurance according to the rules of the host country.

For specific needs related to insurance coverage for civil liability in the medical-health field, special supplementary agreements will be drawn up between the parties.

Art. 5 – Funding

Each of the parties commit, through their participating units, to provide funds to carry out the activities foreseen by this agreement.

As a general rule, the institution sending its members to the foreign partner is responsible for covering their travel, room and board expenses. The departments of the University of Florence participating in the exchange will be in charge of covering travel, room and board expenses of their members.

In case institutional funds are not available for these purposes, student and staff mobility will still be possible; in this case exchange visitors will be directly responsible to fully cover their own expenses for travel, room and board, at no cost to the two Universities.

Art. 6 – Coordinators

The implementation of the activities foreseen by the agreement will be promoted, initially, by the following Coordinators, appointed by each University:

University of Florence
Prof. Fabrizio Giansanti
Dept of Neurosciences, Psychology,
Drug Research and Child Health (NEUROFARBA)

Shahid Behesti University of Medical Sciences
Prof. Alireza Zali, MD
Chairman of Department of Neurosurgery

Art. 7 - Duration of the Agreement

This Memorandum of Understanding is three (3) pages and signed in two (2) originals in English, both texts being equally valid.

Any modification to the present agreement shall be undertaken by mutual decision in writing and any new changes will start on a date agreed by both Parties. Should any disputes arise, the problem will be entrusted to a board of arbitrators made up of one member selected by each partner and one chosen by common consent.

This agreement will become effective from the date it is signed and will be valid for 7 years thereafter, unless notice of its termination is given by one of the two parties at least six months before expiration.
